Selection Procedures:

Consultants will be selected for work items further described herein, based on the evaluation of the Letter of Interest (LoI) and other required documents. The Consultant Selection Rating Form that will be used to evaluate and score the submittals is included for your reference.

To be eligible for consideration, the lead consultant must be prequalified by INDOT.

Requirements for Letters of Interest (LoI)

A. General instructions for Preparing and Submitting a Letter of Interest (LoI)

1. Provide the information as set out in Item B below, in the same order listed, signed by an officer of the firm. Scanned signed documents or electronically applied signatures are both acceptable. Do not send additional forms, resumes, brochures, or other material unless otherwise noted in the item description.
2. LoI's shall be limited to a total of twelve (12) 8 ½" x 11" pages. Ten (10) pages for Identification and Qualification and two (2) pages for the combined Key staff and Project Approach unless otherwise noted in the Project Description.
3. LoI's must be received not later than "Response Due Date and Time" as shown in the RFP header shown above. Responses received after this deadline will not be considered. Submittals must include all required attachments to be considered for selection.

B. Letter of Interest Content

1. Identification and Qualifications

- a. Provide the firm name, address of the responsible office from which the work will be performed and the name and email address of the contact person authorized to negotiate for the associated work.
- b. List all proposed sub consultants, their DBE status, and the percentage of work to be performed by the lead consultant and each sub consultant (sample Affirmative Action Certification follows). A listing of certified DBE's eligible to be considered for selection as prime consultants or sub-consultants for this RFP can

be found at the Indiana Department of Transportation's (INDOT) website. (http://www.in.gov/dot/div/legal/DBE/dbe_list.xls).

- c. Provide personnel resumes and such additional information concerning qualifications as may be relevant to the project.

2. Key staff and Project approach

- a. List the Project Manager and other key staff members, including key sub consultant staff and include the percent of time the project manager will be committed for the contract, if selected. Include project engineers for important disciplines and staff members that will be responsible for the work. Address the experience of the key staff members on similar projects and the staff qualifications relative to the required item qualifications.
- b. Describe the capacity of your staff and their ability to perform the work in a timely manner relative to present workload and the availability of the assigned staff.
- c. Provide a description of your Project Approach relative to the advertised services. For project specific items confirm that the firm has visited the project site. For all items address your firm's technical understanding of the project or services, as related to your firm's qualifications.

Requirements for Affirmative Action Certification

A completed Affirmative Action Certification form is required for all items that identify a DBE goal. The consultant must identify the DBE firms with which it intends to subcontract. Include the contract participation percentage of each DBE and list what the DBE will be subcontracted to perform on the Affirmative Action Certification Form. **Copies of DBE certifications, as issued by INDOT, for each firm listed are to be included as additional pages after the form.** If the consultant does not meet the DBE goal, the consultant must provide documentations on additional pages that it has made good faith efforts to achieve the DBE goal. Please review the DBE program based on any goals set and complete the DBE Affirmative Action Certification form as applicable. What constitutes good faith efforts is explained in detail within the DBE program information referred to above. If no goal is set then no Affirmative Action Certification form is required. Indiana Department of Transportation's (INDOT) DBE Program Information is available at the Indiana Department of Transportation's website.

A listing of certified DBE's eligible to be considered for selection as prime consultants or sub-consultants for this RFP can be found at the Indiana Department of Transportation's (INDOT) website. (http://www.in.gov/dot/div/legal/DBE/dbe_list.xls)

DBE subcontracting goals apply to all prime submitting consultants, regardless of the prime's status of DBE.

Project Phases Included:	<i>Construction Engineering</i>

Project Description:

This road rehabilitation project involves the improvement of a segment of Broadway, from 6th Street to 24th Street. The project is located in the City of Logansport, Cass County.

The project consists of rehabilitating Old US 24 (Broadway) from 6th Street to 24th Street, a distance of 7,194 feet. The project will include the rehabilitation of the existing pavement through milling and resurfacing with some spot reconstruction. The existing pavement varies from 51.0 to 47.5 feet width and consists of three westbound thru lanes and two parallel parking lanes.

The roadway is one-way westbound and is part of the one-way pair of streets through the City that was once US 24. The project is the third phase of improvements as a result of the relinquishment of US 24 through the City of Logansport. Both the vertical and horizontal alignment will essentially remain unchanged. In some areas the minimum grade requirement of 0.3% will not be met due to prevailing conditions. The project involves resurfacing the existing pavement with some milling and wedge and leveling along with spot reconstruction. Existing grade at the backs of sidewalks will be retained throughout the project to minimize the impacts to service walks and entrances to buildings that are located adjacent to the back of the right-of-way.

The construction cost of providing minimum grades to meet INDOT criteria would involve full depth reconstruction for 47% of the existing pavement within the limits of the project, which would be beyond the scope of this project. Therefore a level 2 design exception will be submitted by the City. The existing three-lane, one-way westbound configuration with parallel parking on both sides of the roadway would be retained. The proposed pavement section would typically provide for three 11.5-foot travel-lanes and parallel parking lanes that are 8.0 to 9.75 feet in width. In addition, new curb and gutter, sidewalks, curb ramps, storm sewers, street lighting, traffic signs and pavement markings will be included in this project. The proposed storm sewers will tie into existing outfalls. New concrete driveway approaches will replace existing driveway approaches. All grassy areas disturbed by construction will be restored with sod.

Estimated Construction Amount: \$4,600,000.00

Funding: Federal Funding involved or 100% local funds to be used as match credits using federal funds

Term of Contract: January 2008 to July 2009

DBE goal: 12%

Required Prequalification Categories (Combination of Prime and Sub-Consultants):

General INDOT prequalification required.

The following shall constitute as the minimum requirements for an individual assigned under this agreement:

1. Indiana Licensed Professional Engineer, or
2. Graduate from an accredited college with a Bachelor's degree in Civil Engineering, or
3. Certified under INDOT's Certified Technician Program

AFFIRMATIVE ACTION CERTIFICATION

I do hereby certify that it is the intention of my company to affirmatively seek out and consider DBEs certified in the State of Indiana, to participate as part of this proposal. (For listing of DBE certified firms, see www.in.gov/dot/div/legal/DBE/dbe_list.xls.)

I understand and agree that all subconsulting in connection with this proposal, whether undertaken prior to or subsequent to the notice to proceed, shall be in accordance with the requirements for the Disadvantaged Business Enterprise Program, included elsewhere in this RFP. I understand and agree that no subcontracting shall be approved or commenced until the Department of Transportation has reviewed and approved the affirmative actions taken by my company or me.

I understand that utilization of certified DBEs is in addition to all other equal employment requirements of this RFP.

I acknowledge that this certification is to be made an integral part of this proposal.

I understand and agree that the submission of a blank certification may cause the proposal to be rejected.

I hereby certify that contact has been made with the certified DBEs listed in this certification, and that, if my company becomes the CONSULTANT, the certified DBEs have tentatively agreed to perform the services listed below.

I understand that neither my company nor I will be penalized for amounts achieved over or under the amount shown for **voluntary** DBE utilization that exceeds the goal.

After contract award, any change to the firms listed in this Affirmative Action Certification under race/gender conscious must have prior approval by INDOT's Economic Opportunity Section, Central Office.
